It's Pizza and Movie Night at Brackett

Thursday, July 5, 2012

Social time 7:00PM

Movie begins @ 7:30PM

Denny will be showing a timeless classic of the early years of aviation. It will begin post war 1920's aviation and WWI aircraft.

Lloyd Stearman, Clyde Cessna and Walter Beech formed Travelair Co. Beech designed the model 17 Staggerwing in 1932.

Please reply back to this message if you are planning on coming for pizza and movie so we don't under buy.

There will be cookies with coffee to enjoy later.

June Display at Brackett turned into a glorious day and such a wonderful way to spend Father's Day.

Thanks to all who helped park planes, put up canopy's, set up the BBQ and most of all, to all who helped pick up after the event was over.

We are half way through the year-do you have enough dates signed off? If not, here are some other places for you to fly your plane to get more.

Brackett Field Antique Aircraft, La Verne, CA, 3rd Sun/Mo

Palm Springs Air Museum, every Saturday

Frazier Lake Airpark, Hollister CA, 1st Sat/Mo, Antique Aircraft Display

Catalina Island Display Day, 2nd Saturday

Big Bear Lake Display. 3rd Saturday and Sunday of the month

Flying funnies

When a prang seems inevitable, endeavor to strike the softest, cheapest object in the vicinity as slowly and gently as possible.

(Advice given to RAF pilots during W.W.II)

The Cub is the safest airplane in the world; it can just barely kill you.

(Attributed to Max Stanley, Northrop test pilot)

A pilot who doesn't have any fear probably isn't flying his plane to its maximum.

(Jon McBride, astronaut)

If you're faced with a forced landing, fly the thing as far into the crash as possible. *(Bob Hoover)*

When a flight is proceeding incredibly well, something was forgotten.

(Robert Livingston, "Flying The Aeronca")

In the July issue of Flying Magazine, they reviewed 8 iPad Apps for pilots. A few of the apps are free. I couldn't wait to install CloudAhoy (Free). It lets you track each and every flight you make and then retrieve the captured data later from the CloudAhoy server. There is an AeroPad app for \$3.99 that lets you load aircraft manuals, e-charts and anything else you want to convert from paper to digital format. Check into the others AeroWeather Pro (\$3.99), Sporty's E6B, ForeFlight Checklist Pro (\$19.99), Spin-a-Wind (\$2.99), WNB Pro (\$4.99)-this lets you quickly and accurately calculate weight and balance for nearly any GA aircraft, and last FltPlan.com Mobile a companion tool to the highly regarded fltplan.com website. They can all be used with your iPad, iPhone and a few for the Android. Check them out.

BAA Mission Statement:

To inform members of issues related to aviation, updates on airport activities, and promoting increased safety awareness through monthly presentations. BAA provides a social atmosphere that develops camaraderie of all aviation enthusiasts and includes support of the monthly aircraft display and group fly-in destinations

BAA Board

President: Frank Sigona
Vice President: Denny Marshall
Secretary: Phyllis VanArsdale
Treasurer: Dena Miller
Membership: Bill Zander
Program Chairman: Rick VanArsdale
Special Project/Events: Gene Torres

Come to the meetings to get and give ideas on how we/you can improve the airport community of Brackett.

Together we can make it great!
